

CREDIT & FINANCIAL RISKS DIVISION

In an unpredictable commercial world, it is worth remembering that a sale is not a sale until paid for. However, trade credit risk can be significantly reduced by using a credit insurance policy which is designed to protect one of a company's largest assets: their trade debtors.

credit & financial risks division

So if your customers fail to pay due to insolvency, payment default or a political event, your cash flow will not suffer.

Whether you are a small enterprise or a large corporate, we pride ourselves on offering an excellent level of professional service. We arrange all policy types including:

- Whole Turnover
- Key Accounts
- Single Account
- Domestic, Export and Political Risks

Additional benefits include rigorous monitoring and professional credit assessment of your customers and,

in most cases, support in collecting seriously overdue debts.

The highly experienced credit team at S-Tech brings value by understanding the diversity of options available from today's credit market whilst recognising that your business is unique. We understand that you will need cover correctly tailored to meet your individual needs.

we are equipped to provide ongoing support, helping you understand your policy and maximise its benefits

We have invested a great deal of time building strong relationships with key European underwriters from whom we can acquire flexible and competitive terms.

Moreover we are equipped to provide ongoing support, helping you understand your policy and maximise its benefits right through to claim settlement.

Our team is also able to advise you on other areas connected to credit insurance such as:

- Invoice Discounting
- Factoring
- Surety, Bonds and Financial Guarantees
- Credit Reference Reports
